Databases: MySQL | PostgreSQL

Tools Platforms: Git | GitHub | Postman | AWS (EC2, S3, IAM) | Docker | CI/CD

Concepts: Responsive Design | Version Control / Git Workflows | Networking | Operating Systems

Programming Languages: Java | JavaScript

EXPERIENCE

Coding Savvy

Frontend Web Developer Intern

December 2024 - January 2025

Pune, Maharashtra

- Built responsive web pages using HTML, CSS, Bootstrap, and JavaScript with clean UI design.
- Contributed to ISKCON IT Cell project by developing responsive static pages, improving load speed by 25% and achieving 95/100 mobile usability score.
- Worked in a team to implement interactive frontend features based on user feedback.

PROJECTS

Finance Tracker [↗](#) | [ReactJS](#), [ExpressJS](#), [MySQL](#), [APIs](#)

June - July 2025

- Built a **full-stack finance tracker** enabling real-time **income and expense management**, improving financial visibility and control.
- Designed **REST APIs** with **Express.js** and integrated **MySQL** for secure data storage and retrieval.
- Optimized **React components** to improve UI responsiveness and reduce load time by 30%.

ISKCON Task Allocation System [↗](#) | [HTML](#), [CSS](#), [Bootstrap](#), [JavaScript](#)

Dec 2024 - Jan 2025

- Led **frontend** development for a task allocation platform with **responsive static pages**.
- Worked in an **11-member Scrum team** to **deliver features on time**.
- Maintained **design consistency** and **mentored peers** during **leadership transition**.

Employee Leave Management System [↗](#) | [ReactJS](#), [ExpressJS](#), [PostgreSQL](#), [Fetch API](#) **Sep 2025 – Present**

- Currently developing a **ReactJS-based leave management platform** to enable employees to apply, track, and manage leaves efficiently.
- Implementing **scalable design, clean data flow**, and integrating **RESTful APIs** with **PostgreSQL** for seamless backend communication.
- Actively testing and improving functionality to ensure **reliable, responsive, and user-friendly performance**. (Ongoing project)
